- Databases: SQL (PostgreSQL), NoSQL (MongoDB)
- Cybersecurity

Soft skills

- Teamwork
- Organisational skills
- Project management
- Problem solving
- Adaptability

DAVIDE GUIDOLIN

PERSONAL PROFILE

I am a 23 year old student pursuing a master's degree in Artificial Intelligence Systems.
I'm an IT and AI enthusiast but I'm also interested in economics and finance.
I'm an ambitious guy and when I set a goal I work hard until I reach it. I developed this behaviour during my carrer as professional swimmer during which I became Italian youth champion thanks to the hard work.
I'm a positive guy and I always tend to look at the good side of the problems.

WORK EXPERIENCE

Internship at Amazon AWS

Asti (Turin, Italy) | Aug 2021 - Oct 2021

- I worked in the NICE DCV team and I had to implement the gamepads support for the NICE DCV desktop remotization protocol.
- I learned more about C, Rust, team working and how to manage a big project.

Internship at VUI

Remote | Mar 2021 - May 2021

- During my internship I had to develop a user simulator needed for the training of a dialogue system.
- I used the user simulator I developed to train a reinforcement learning agent for my bachelor's thesis.

Building of the G.B. Brocchi high school's website

Liceo G.B. Brocchi | Jun 2017 - Jul 2017

- Stage within my high school, in which we had to develop a new website for our school
- Use of Wordpress as CMS

EDUCATION

University of Trento (2021- present)
Master degree in Artificial Intelligence Systems

- Current GPA: 3.71

University of Trento (2018 - 2021)
Bachelor degree in Computer Science

- Final grade: 110/110 Cum Laude

G.B. Brocchi high school (2013 - 2018)
Scientific high school

- Final grade 95/100

COURSES

Cyberchallenge.it
Italian training program in cybersecurity

- Topics: Reversing, Cryptography, Network Security, Pwning, Web Security
- I finished 3rd in the local final
